Why in the World: The reason God became one of us

Christians believe a lot of crazy things – including that God showed up in a human body and lived among humankind. Why would God want to become one of us and live in a world of anxiety, chaos, and heartache? Why would God leave the comfort and recognition of heaven to live in this world?

In this four-session video study, Andy Stanley targets these perplexing questions and takes a closer look at one of the unique things Christians believe: God became one of us. Why in the world would God do that? We think we know why He died. But what compelled him to live as one of us?
