# SERVANTS SUMMER WORK CAMPS

Servants' summer work camps are week-long mission opportunities in York County that focus on residential home repair for people in need. Projects range from yard work and painting to bathroom modifications and wheelchair ramps.

More importantly, participants spend the week *serving Christ* through serving others; *building relationships* with our homeowners and each other, *transforming lives* through meeting physical, spiritual, and emotional needs, and *providing hope* to their community!

## ALL ARE INVITED TO SERVE!

Work camps are a fantastic opportunity for anybody to serve — retirees, youth groups, small groups, and families... even businesses looking to engage the community! We truly believe that anyone can serve — regardless of age, race, gender, religion, sexual orientation, disability, or skill level! We work hard to match volunteers with projects where they will feel comfortable and provide skilled team leaders to guide them. It is our job to make serving easy for you!

# FREQUENTLY ASKED QUESTIONS

## How much does it cost?

Servants does not charge people to participate in our work camps. However, we are a non-profit and rely on donations to offset our costs. The average cost for construction materials is \$750 per project. We also incur costs for food and drinks during the work camp week. A suggested donation of \$75 per participant would be greatly appreciated.

## Should I bring my own tools?

Servants will provide all required tools and materials, as well as oversight for each project. It may be helpful to bring your own hand tools (hammer, tape measure, square, etc.). If you bring any personal tools, please mark them with your name.

## What should I wear?

We require closed-toed shoes or boots, knee-length shorts or jeans, and modest tops. You will be performing construction type work and should dress appropriately for safety.

## Where do we sleep?

Servants does not provide overnight accommodations during work camps. Most volunteers travel to their own homes each night. If you or your group are traveling from out-of-town, you are responsible for securing overnight accommodations.

## How do I get to the work site?

You are responsible for providing transportation to and from the work site each day. It may be possible to carpool with other members of your team.

## Is there an age restriction for volunteers?

We do not have any age restrictions; however, we do have some guidelines for children and youth who are serving. For youth groups, we request a ratio of 1 leader for every 5 youth. We also welcome youth and children under the age of 14, but ask that they serve directly alongside a parent, guardian, or youth leader.

If you any other questions please call 717-378-0336 or email [workcamps@servants.org](mailto:workcamps@servants.org)

Unable to volunteer during a work camp for some reason? Here are 4 other ways that you or your church/organization can support Servants during our summer work camps:
